It was a delightful occasion and the guests entered into the game with much interest. All which resulted in passing a delightful evening. The Season at Ewings. This has been a big spring season at the Ewing Clothing Company's popular store and while others have been complaining of dull trade this mammoth house has been doing a most profitable business. Fact is, merchandise is always as good as a result this firm has for years kept in the lead. When they request an article it never turns out otherwise; prices are always as low as is consistent with the quality of the goods and courteous treatment never fails to make friends. This has been the aim of the Ewing Clothing company and certainly it is having a telling result in these days. The windows are still a great drawing card and always will be. They are handsomely trimmed again this week and the dazzling effect of electric lights artistically entwined mid superbly made garments make the attraction too strong for anyone to pass without stopping to look in. Did you all see the show this week?

Baby is Sick.

The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city what was best to give a baby for a cold. It was not necessary for him to say more, his countenance showed that the pet of the family, if not the idol of his life was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Gleason, of the Watters-Talbot Printing Co., don't you?" enquired the druggist. "His baby when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely but did not injure it in the least, and what is more, it cured the baby's cold. It is not necessary to give poisons to cure a cold or for croup either." The teamster already knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby.

What is Scrofula,

It is that impurity in the blood, which, accumulating in the glands of the neck, produces unsightly lumps or swellings; which causes painful running sores on the arms, legs, or feet; which develops ulcers in the eyes, ears, or nose, often causing blindness or deafness; which is the origin of pimples, cancerous growths, or many other manifestations usually ascribed to "humors." It is a more formidable enemy than consumption or cancer alone, for scrofula combines the worst possible features of both. Being the most ancient, it is the most general of all diseases or affections, for very few persons are entirely free from it. How can it be cured? By taking Hood's Sarsaparilla, which, by the cures it has accomplished, often when other medicines have failed, has proven itself to be a potent and peculiar medicine for this disease. For all affections of the blood Hood's Sarsaparilla is unequalled, and some of the cures it has effected are really wonderful. If you suffer from scrofula in any of its various forms, be sure to give Hood's Sarsaparilla a trial.

Hood's Sarsaparilla Sold by all druggists. \$1; six for \$5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass. 100 Doses One Dollar
